## The Honeymoon

*Island Resort is the place to be  
August 27 - September 3*

In an exceptional setting between the mountains and the lagoon bordered by a white sand beach, you will discover the InterContinental Resort Moorea. Close to Opunohu Bay on the southeast coast of the island, sheltered from the prevailing winds, the InterContinental Beachcomber Resort Moorea is nestled voluptuously between the mountains and lagoon of Moorea, one of the most spectacular tropical islands of Polynesia. On the northern Western side of the island there is a magnificent setting for a memorable South Seas vacation experience. Situated in the heart of a verdant setting of 27 acres, these magnificent gardens contain 165 different species of trees, plants and flowers.

The couple would like to send a special 'thank you' to Aunt Peggy for sponsoring their honeymoon!
